The Hoosier Sale Goes On

When This Shipment is Gone, No More at This Price

The women who came to the opening of our Hoosier Clearance Saturday will long remember this enthusiastic sale.

Nearly one-half of our stock was taken before night! And if we had accepted telephone orders, we don't think we would have had a cabinet left.

We could have marked these cabinets at the coming price and made an extra profit on every one. But we bought at a bargain and are selling at a bargain. Our aim is to win new customers by giving women this money.

Pay \$1 Only

when you pick out your Hoosier Cabinet.

Pay the balance \$1 weekly—only 5c a meal.

Your money back if you are not delighted.

Sale ends the instant the remaining Hoosiers are gone.

Louis G. Marre, who has been engaged as manager of the Diversi Fruit store for several months, left the city last evening for Concord, N. H., where he has been ordered to report by the selective draft board of Concord for duty in the national army.
Mr. and Mrs. Frank Hoyle of Hartford, Conn., were recent visitors with friends in the city, while motoring through the city. Mrs. Hoyle will be remembered by a large circle of friends in this city as Miss Ruth Morse, a former resident of Barre.

For the greater convenience of persons desiring information in regard to allotments, allowances and war risk insurance, the chairman of the home service section of the Barre Red Cross will be at Red Cross headquarters from 7:30 until 9 every Tuesday and Saturday evening from now on. A set of charts explaining the war risk insurance has been hung and will be of particular interest to the families of men in the service.
Carpenters and painters have nearly completed the work of renovating the interior of the apartment in the Gordon building recently in use as a millinery store, and it will be occupied jointly after July 1 by the D. M. Miles Coal Co. and the Barre Gas Co. The coal company will vacate rather cramped quarters in the Moore & Owens store, quarters which the company and D. M. Miles, its predecessor, have occupied for nearly 30 years. The gas company is to move from the west side of the Bolster building in Depot square. Its main office will be in the Gordon building, and its workshop, hitherto located near the Depot square office, is to be established in the basement of the Moore & Owens store. Enlarged windows on the north side of the Gordon building have greatly improved the lighting facilities in the new offices.

Lieut. Eugene G. Berry of Richmond, formerly principal of the high school at Essex Junction, and well known to many Pythians in Barre by reason of his position as grand chancellor of the order in Vermont, writes an interesting letter from France, and the following extract of which will be read with great interest: "We are in a large city, which is located in the heart of an historic section of France, and I have already visited many castles, towers, walls, ruins, etc., which are of historic significance. I room almost within the shadow of the first tower built by Charlemagne and I have stood in the room where the second crusade was first preached. The buildings are all of stone and for the most part surrounded by walls; the boulevards are wide and lined by rows of sycamore trees, while many of the streets are narrow and crooked; parks are pretty and well kept, but securely locked each night at 8 o'clock; everywhere we see the faithful women doing the work of men, and there are many wounded soldiers about the city, many of the larger buildings having been converted into hospitals. Living conditions among the people are very severe, as all their foodstuffs are bought on the card system. They have three meatless days each week; are allowed 150 grams of bread a day per person; sugar 25 cents and one pound per person per week; milk, one pint per day per family; eggs, 85 cents a dozen; kerosene was \$1.15 per gallon when they had it, but at present there is none to be had; while the question of wood and coal will be a serious one for the coming winter. The French people are very interesting, long suffering and patient, ready to make sacrifices yet, and they are truly appreciative of the help we are bringing them."

Of interest to Civil war veterans in Barre and vicinity is the following lucid explanation of the recent amendment to the pension law of 1912: "The act of June 11, 1918, amending the pension law of May 11, 1912, provides the rate of \$30 per month for soldiers and sailors of any age who served 90 days or more during the Civil war and were honorably discharged, and who are now receiving a lower rate. Those who are 72 years of age or over, and who served six months, are entitled to receive \$32 per month; those who served one year, \$35 per month; one and one-half years, \$38 per month; two years or more, \$40 a month. These increases will be granted automatically and without application of any kind to the pension bureau, to all soldiers and sailors now pensioned under the act of May 11, 1912, who have attained the required age and served the necessary length of time. Soldiers and sailors who served during the Civil war, and are pensioned at lower rates under some other law, out who are entitled to pension under the act of May 11, 1912, will be required to file an application under that act in order to receive the benefits of the new law."
